

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Susan M. Dadio (40,373) on 10/6/2011.

The application has been amended as follows:

Claim 12 (Currently amended): The endohedral metallofullerene of claim 7, wherein k is about 1₂

REASONS FOR ALLOWANCE

I. Claims 7-16 are allowed.

The following is an examiner's statement of reasons for allowance: replacing the lower case "o" with an upper case "O" obviates the rejections under 35 U.S.C. 112. The rejections under 35 U.S.C. 103 are mooted by cancellation and WITHDRAWN. The search of the prior art did not reveal the groups on the fullerene with the specificity claimed. Claim 12 was amended to insert an omitted period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
